Expand your current payments ecosystem with a modern platform.

Transact Sponsor Payments simplifies the billing and payment process for sponsors, students and institutions. It delivers:

- **Automated payment processing** collects online payments and applies the result back to your source system, just like your online student payments, reducing manual efforts.
- **Integration with SIS** as a dedicated interface package, for both look-up and post-backs, unlocks automated syncing to specific records and tables along with easier drilldowns of balances and payment statuses for both campuses and sponsors.
- **A secure multi-authenticated user portal** that ensures data security and controlled access for sponsor users.

Benefit from an optimized application

Now, university administrators have access to one optimized portal that centralizes information, streamlines data access and analysis, and drives collaborative transformation in sponsor payment processes on campus. Say goodbye to cumbersome collection methods and hello to a new way of work. You can benefit from:

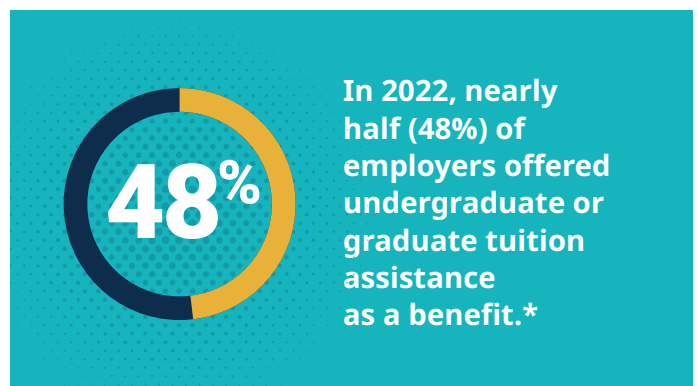

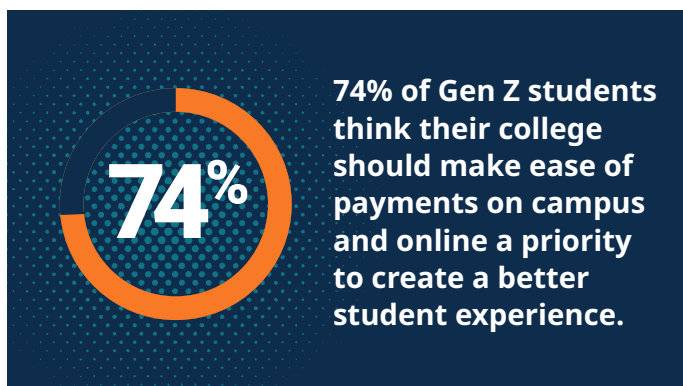

- **Elevated technology stack** equipping your sponsors to self-serve their invoices, pay online, and post to your systems – saving you time!
- **Improved visibility and reconciliation** powered by real-time data access unlocks faster research and proactive tracking to reduce extra reporting and follow-up activities, getting your collections closed out faster.
- **Centralized information** that aligns campuses and sponsors, enabling self-service options and shared confidence in balance status across the billing cycle.

Connect users on a single platform

Transform sponsor engagement by empowering dynamic connections among sponsor entities, universities, students, and users to expand the online payment ecosystem.

- Provides real-time, complete visibility
- Maximize resources – University staff regain time for key projects
- Enables sponsors to self-serve
- Increases communication flow between student, sponsor and university
