mental health on college campuses.

How it works

1

Online assessment

Tell us how you've been feeling. It only takes 10-15 minutes.

2

Meet your psychiatrist

Have your first visit in days. You'll receive your initial diagnosis.

3

Treatment plan

Treatment typically includes medication and supportive therapy.

Virtual visits

We're 100% online. See a psychiatrist between classes and from the comfort of your room.
