Campus ID Solutions

Give students the power to manage campus credential accounts online

Free up your campus card office's valuable time by enabling students to view and manage their campus credential accounts online and on their smartphones.

Students, parents, and authorized users can view account balances and transactions, manage security features, activate, and deactivate campus cards; and as an optional service, make, and receive deposits.

Key Features

- eAccounts is included as part of our Transaction System Enterprise solution with Student Account Management (SAM) features enabled
- Additional feature options include web deposits, Online Photo Submission, and Transact Mobile Credential

Institution & Card Office Benefits

- Customize your online portal through the online configuration utility to maintain campus branding and meet your campus needs
- Increase on-campus spending by giving students greater control over their finances and simplifying their campus card account management
- Create multiple, customized portals for various niche groups, such as satellite campuses or law students

- Use integrated identity service options and single campus credential to avoid multiple student log-ins
- Save student and administrator time by integrating your SAM portal with other systems, such as tuition payments
- Generate reports in real-time to better manage your business activities
- Ensure compliance with PCI standards

Optional Web Deposits Service

With the optional Web Deposits service, you can offer your students and parents an easy and secure way to transfer and deposit funds into student accounts. Parents can even specify funds for specific commerce transactions such as bookstore, dining, etc.
