

eMarket

Integrated Payments

Your Configurable Online Store

Expand your web presence without the need for valuable campus IT resources.

eMarket delivers eCommerce solutions with secure payment processing, easy-setup, and administrative features that integrate with your financial and student information systems.

eMarket is available in two components that can be used independently or together.

Storefront

Your eMarket front end, utilizing templates for easy setup and deployment. Create and manage multiple Storefronts from a centralized back office. Control your items, branding, store colors, and categories.

Checkout

The payment capture engine for eMarket. Checkout integrates with Storefront to accept payments via credit and debit cards, ACH/EFT, Apple Pay, and Transact International Payments.

Integrate our payment processing solutions with more than 100 third party vendors for ticketing, parking, fundraising and more. Checkout comes with a library of APIs for third-party connections, enabling you to have streamlined eCommerce payment processing solutions across campus.

System Features

- PCI-DSS Level 1 validated payment processing to ensure peace of mind
- 24/7 access to your customers via a mobile-friendly eMarket website
- Payment Processing tools for third-party web stores
- Tools for users to create, manage and operate stores with unique URLs
- Processing for a variety of payment types, including foreign currencies
- Support for multiple IFT vendors
- User configurable features to control website photos, content, and branding
- Simplified web store navigation to support higher conversions

eMarket Add-On Modules

Transact Mobile Payment for iPad

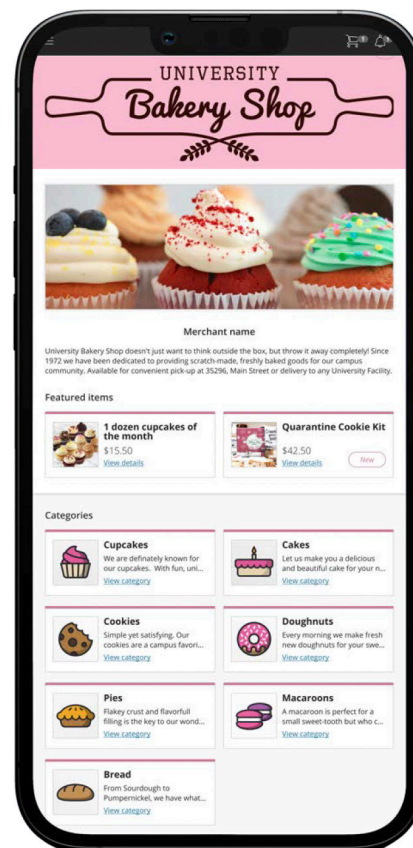

Turn your iPad® into a mobile cashiering station and accept electronic payments on-the-go.

Assisted Payments

Manage over-the-phone payments for your administrative offices and call centers.

Transact Payment Processing

Transact streamlines payment processing across your online campus revenue centers by handling your account reconciliation, managing chargebacks, handling disputes, and saving you time coordinating with multiple banks and services.
