

Virtual Terminal

Integrated Payments

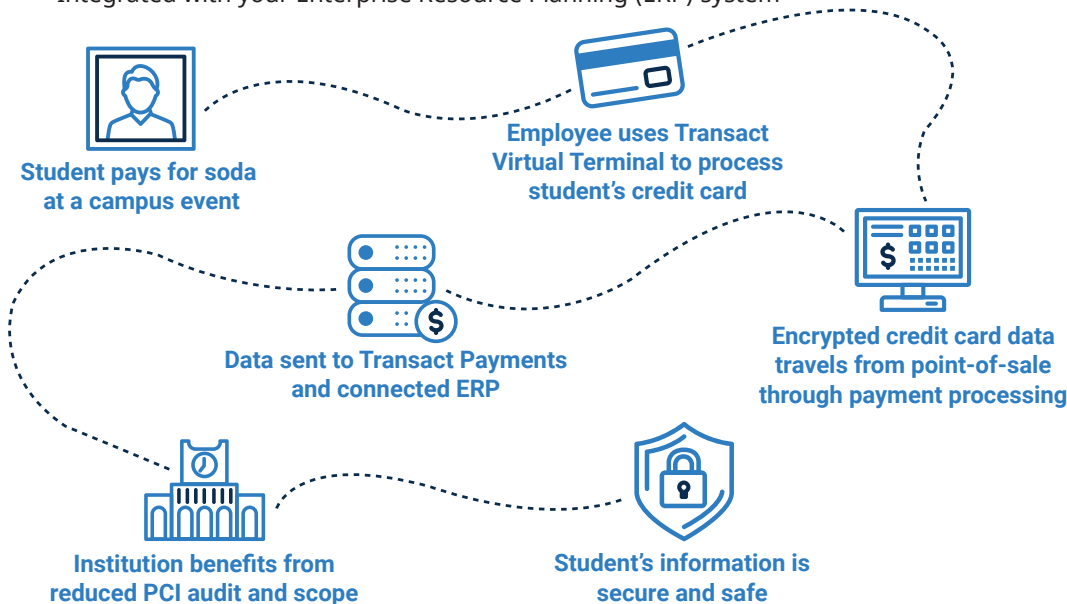

Transact introduces Virtual Terminal, the flexible payment option that allows users to pay securely – with or without swiping.

Use cash saved toward high-return initiatives, giving your institution even greater ROI.

Key features:

Available wherever you can use the web

- Accept payments on phone, tablet, or computer
- Fully integrated with Transact eMarket and ePayment solutions
- Point-to-point encryption, keeping user out of PCI scope
- Integrated with your Enterprise Resource Planning (ERP) system

12 
MILLION
Students Served

\$46 
BILLION
Transactions Facilitated

Use Virtual Terminal with:

INTEGRATED PAYMENTS

Payments, commerce, and bill presentment
